TEVIN KEOBOUALA

Textiles & Product Development

Raleigh, NC | tevinbkeo@gmail.com | LinkedIn | tevinkeobouala.com

SUMMARY

Fashion and Textile Management senior at NC State with experience developing garments from concept to costed sample. Skilled in patternmaking, technical specifications, physical and virtual fittings, and assortment planning.

SELECTED PROJECTS

Desert Tower at Dusk | Footwear colour direction | 2026
Developed three Konseal FW27 colourways for an independent concept. Documented component-level colour specifications, proposed Pantone TCX references, and a 60/30/10 concept assortment.

Liminal Space | Textile CAD | 2024
Built a 14-page textile design portfolio in NedGraphics, developing ten print, knit, and woven designs with colour boards, garment texture mapping, and technical specifications.

Saddles Patched Jacket | Technical design | 2025
Authored an 18-page tech pack for a four-person team, specifying nine colourways, graded measurements from XL to 5X, and construction details.

Astra Line Sheet | Merchandising | 2026
Built a costed line sheet and planned a 300-unit buy across two colourways and five sizes. Ruled out a third colourway after modeling quantities below the 12-unit minimum per size and colourway.

EXPERIENCE

tshirts.archives | Archive & Content Research Intern | 2026–present
Research and pitch archival fashion stories for a 168K-follower publication. Produce designer interviews and verify sources for editorial features.

Reframe Magazine | Editorial Director | 2025–present
Lead a five-person editorial team and coordinate contributors and deadlines across two issues. Coordinated digital launch content that reached 40,000+ impressions.
